

German Support Programme - Rietberg Montessori School

We would like the children to delight in understanding, speaking and writing German, for them to be able to hold their own in a conversation, to express themselves grammatically correctly and in doing so enabling them to work successfully in school.

The Rietberg Montessori School offers German as second language instruction for children in Kindergarten and Elementary School as well as a language support programmes for children who need help in auditory, visual and spatial perception.

DaZ – German lessons for children with a different mother tongue

German support programme -

Language development and perception promotion / Reading, spelling and language training

Participating in German-speaking culture, aid to orientation in everyday life, playful and positive experience of language, expansion of vocabulary and means of expression.
